Dear Ken,
 What a pleasure it was having your employees in my home. They were there when they said they would be...they were very polite and considerate...they kept everything covered and clean. The job they did was that of two master carpenters, the outcome amazing and beautiful. The pair were friendly, personable, and very helpful with any questions and instructions and beyond, something that, unfortunately, isn't seen very often anymore. We were so pleased with everything that we also had the fascia and gutters done as well. The projects are beautiful and very well done.
 We would recommend, Simonson Lumber to any and everyone! It is such a pleasure working with true professionals!

Sincerely
 Terri A. Haakenson
