EverWood Interior

Natural Wood Interior

EverWood, our revolutionary new interior wood grain finish that looks, feels, paints and stains like wood. Its natural appearance beautifully complements any interior woodwork in your home. There's no warping, discoloration, material degradation, expansion, or contraction, just remarkably reliable performance and lasting beauty year after year. It is easy stain in just a few simple steps. It takes like wood and thanks to its extreme durability, you'll enjoy the rich, natural look of wood for years to come.

STAIN TO MATCH

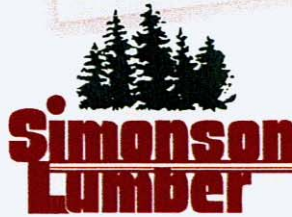

Your home, your style, your decor

Dear Ken,
 Nothing but a great experience from the first call to the installation yesterday. Everyone was very friendly and helpful. Mark & Greg were very professional and nice. I think they left the area of my kitchen, where they worked cleaner than when they started! They were great!
 Thanks for everything!
 The door looks great!

Sincerely
 Wendy J. Sartell

Sincerely
 Terri A. H.
